Prayers of Love for One Another

Loving You is the best thing that has happened to me Oh Lord. You have stood by me ever since the fateful day that I accepted Your company. You have showered me with Your pure love, blessings, miracles, and divine protection. In fact, this prayer is only due to Your power. By which, You kept me alive to see today and to make a request. I pray, Father in Heaven that You open the eyes of my family and friends. And for the ones who love You like I do, Father keep both their eyes and mine open to Your devotion and adoration. I bless Your divine name for this deep and short prayer for love. In Jesus Name I Pray, Amen.

From our Founder—Vernitta Rose Love

"BEACON OF THE LIGHT"

Ms. Dana "Quibinki" Morris

We pay tribute to a Sister and Friend.

A person that displayed kindness, love and strength during her battle with cancer related illnesses. I first met Dana known as Quibinki during the 2005 Black Arts Festival at Centennial Park in Atlanta, GA. We both were helping with the set-up of the vendors art displays for the festival. We became very close friends and sisters to one another. Quibinki loved children and served as a caregiver and nanny to so many families. Quibinki stood about 5' 1" with a tiny frame, but had a heart and smile of a giant. She had a quiet gentle spirit with an insightful demeanor. Although being plagued with so many medical issues, she never stopped trying or working hard for others. She was a prayer warrior with a humble and grateful heart, perhaps knowing the many journeys God had allowed her to overcome in life. She will always be remembered for her joy that filled the lives and hearts of so many. *Rest in Peace!*
