At last! At last! It's Summertime.

Words from our Founder!

The most sought out season of the year. In this post COVID period that seems as if years has passed since the onset of the pandemic, people are rigorously getting out to let their hair down and hugging, kissing and shaking hands to illustrate their joy.

In doing so, let us take care of each other by staying vigilant! We can all remain safe by washing our hands, properly covering that summer cough and standing at a *slightly* comfortable distance from others. Have fun & enjoy your summer!

HELLO *Summer*
